

## Structure

### **Information architecture**

It will be a straightforward layout with a navigation bar across the top on a laptop/iPad and a drop box nav on a mobile.

- ★ Home Page
- ★ About Page
- ★ Tour Page
- ★ Our Music Page
- ★ Contact Page

### **Interior Design (IXD)**

- The name of the website (in top corner of all pages) will bring the user to the home page as well as 'home on the nav bar.
- Each page has the title clear and bold in the middle for the users to know which page they're on.
- The sign-up button on each page which is located below the Title and at the top right of each page except for the contact page, which only has it at the top right.
- The links to their social media will open in a blank page and will direct them to their official media pages.
